Mission Statement

The mission of Ambassador Bible College (ABC), sponsored by the United Church of God, *an International Association*, is to diligently uphold and faithfully teach the truths of God, as found in the Bible, to equip disciples of Jesus Christ for a life of faithfulness and godly service.

To accomplish this mission, ABC has appointed skilled instructors to lead the students through a systematic study of the Holy Scriptures and related topics. It is intended that those who receive these teachings will pass the precious understanding of God's truth to others.

Ambassador Bible College Outcomes

Some important key outcomes of the biblical studies program are:

- To be committed to the core values and fundamental doctrines of the Bible.
- To internalize God's truth and implement biblical principles in one's life.
- To build godly character through personal spiritual growth.
- To be prepared to give an answer and defend one's faith.
- To understand oneself and others better.
- To serve God and humanity zealously.
- To set an example of Christian leadership.
- To learn leadership qualities.

Program Description

ABC provides a dynamic, concentrated series of classes covering the entire Bible. ABC seeks not only to teach students the truths of God as revealed in His Word, but to encourage students to develop godly character by applying them in their lives. They will then be able to pass along those truths to others by their examples and words. Students may be challenged by the program's intensity, but the opportunity to be instructed systematically through the Scriptures should be seen as a "pearl of great price." Upon successful completion of the program, students receive a diploma in biblical studies.

The ABC year operates from August to May. Each class day consists of seven hours of instruction. Classes are taught by experienced faculty members from the United Church of God. In addition to instructional time, there are ample opportunities for social interaction, service and leadership. Students may choose from a number of extracurricular activities. Since the ABC program is located within the home office of the United Church of God, students also become familiar with the daily operations of the Church and interact daily with the administration and staff.

The class day begins with breakfast from 7:45-8:15 a.m. Classes begin at 8:30 a.m. with a module (one of a series of courses which do not run the entire semester). Most classes last 50 minutes, with a 10-minute break between periods. Students have a one-hour lunch break, though students serving in the Chorale or on the Student Council will have obligations during some lunch breaks (note Sample Schedule 2 below). Unlike most other colleges, students at ABC are required to take all offered courses, so all students progress through the day's classes together.

Enrollment Requirements

ABC is a coeducational institution; qualified students are accepted without prejudice. While ABC is sponsored by the United Church of God, prospective students from other affiliations are welcome to apply to the program. ABC is pleased to welcome participants from high school graduates to retirees.

You should consider enrolling in the program if you:

- Have a high school diploma or equivalent.
- Love God's truth and desire to gain a deeper understanding of the Bible.
- Have a desire to learn to lead and serve others.
- Have the commitment and vision to devote an academic year to an in-depth study of the Bible.
- Can find a way to meet financial obligations, perhaps through a part-time job while enrolled.
- Are mature enough to manage personal living arrangements.

Expenses

While tuition covers some of the costs of a student's education, ABC is supported by the United Church of God, which underwrites most of the expenses. Tuition is \$2,500 per person, which includes breakfast and lunch each class day for the academic year. Married couples who attend ABC pay only a single tuition of \$2,500. Tuition must be paid before classes begin, or within 24 hours of arrival if a student arrives after the beginning of the academic year.

A limited number of tuition scholarships are available. Scholarship applications may be requested once an applicant has been accepted to ABC. Scholarship applications are approved by the Scholarship Committee based on individual need.

Students are responsible for arranging for and financing their own housing, transportation and other living expenses. Many students choose to share housing and/or carpool to reduce expenses, and some also choose to work part-time.

Refund Policy

If a student needs to leave the program after paying the tuition, the refund will be 100 percent in the first week of classes, 75 percent in the second week, 50 percent in the third week and 25 percent in the fourth week. No refund will be available after the fourth week.

Estimate of Expenses

Below is a conservative sample budget, though individual needs vary.

Tuition*	\$2,500
Supplies	\$75
Housing and utilities**	\$2,700-5,400
Groceries (\$20-40 a week)	\$720-1,440
Transportation	\$800-1,900
Entertainment and misc.	<u>\$400-600</u>
	\$7,195-11,915

* Tuition includes breakfast and lunch each class day for the nine-month period.

**Nine months at \$300/month (sharing housing) to \$600/month.

Admissions Procedures

If you would like to attend ABC, applications should be submitted by Aug. 1. Prospective students may download an application form at <http://abc.ucg.org/applications> or may request one by writing to: Ambassador Bible College, P.O. Box 54992, Cincinnati, OH 45254-0992. Completed applications may be returned to the above mailing address, or scanned and e-mailed to abc_admissions@ucg.org.

Once an application has been completed and returned, a field representative—usually a United Church of God pastor—will be asked to submit an evaluation of the applicant, and he may conduct a personal interview with the applicant. The evaluation will be considered as part of the application. A committee of ABC faculty will consider each application, as coordinated by the director of admissions, who will make a final determination. Upon approval, applicants will receive an acceptance packet with relevant information. Students who have been accepted into the program may apply for tuition scholarships, based upon financial need.

All application information remains confidential during and after the admissions process.

Prospective students should plan to begin the ABC program at the start of the academic year. In exceptional cases, applications may be considered for enrollment with the start of the second semester. Such applicants must demonstrate compelling reasons why their participation should begin with the second semester, rather than the first. Such applications will not be considered if 40 or more students are already enrolled in the current academic year, and tuition scholarships will not be available for students entering mid-way through the academic year.

Academic Policies

The following provides an overview of our policies. More detailed information is provided in the *Student Handbook*.

Registration

Student registration will be completed at orientation. Registration is not complete until tuition has been paid in full. Questions may be referred to the registrar.

Class Attendance and Assignments

All students are expected to be prompt and regular in class attendance. Absences should be explained to the registrar, and absences with appropriate explanation will be excused. Students are expected to fulfill all classroom assignments in a timely fashion.

Grading Policy

The syllabus for each course will explain the grading policy for that particular course. Grades will be based on one or more of the following standards of performance:

- Objective or subjective testing
- Written assignments
- Oral presentations
- Class participation
- Attendance

Courses consisting of 20 classroom hours or less will be graded on a pass/fail basis. All other courses will be graded on the basis of percentage scoring of required tests, assignments and attendance. A minimum score of 65 percent will be required for a student to receive credit for the class.

A student must pass 90 percent of the courses in the program within a two-year period in order to receive a diploma of biblical studies.

Grade Appeal Policy

A student may appeal a grade within two weeks of the end of the semester. Appeals must be presented in writing to a committee consisting of the president of the United Church of God, the coordinator of Ambassador Bible College, and two other faculty members. A student who has filed an appeal of a class grade will receive a decision concerning the appeal within two weeks of making the appeal.

Classroom Guests

Visitors may attend a limited number of classes with permission of the class instructors.

Student Life

ABC seeks to provide more than an academic education in the Bible. Our additional goal is to provide a variety of activities and services that will help students in their personal and social lives as well as in developing leadership, character and practical skills. Counseling for various matters is available through our resident ministry, and faculty members maintain an open-door policy. We strive to give students the tools to have a positive, productive year while at ABC.

Expectations

Code of Conduct: Godly conduct is required of each of us as Christians, and at ABC we strive to teach and live by those values. Maintaining a close relationship with God and Jesus Christ is essential to living by the godly values we all esteem. Students are expected to maintain godly conduct in their language, activities and relationships. ABC does not allow the use of drugs, the abuse of alcohol, harassment of any kind or proselytizing on behalf of any specific church group. For detailed information, please see the *Student Handbook*.

Dress Code: The ABC dress code is based on biblical principles of modesty and neatness. ABC classes are held in the home office of the United Church of God. The building and all who work or study therein represent the Church, so it is important that we display an appropriate measure of decorum before our guests and visitors. We want students to be comfortable in their attire but also neat, clean and modest. We recommend business casual dress. For detailed guidelines, please see the *Student Handbook*.

Educational Enrichment

Field Trips: Occasional excursions to interesting educational sites add variety and fun to the academic year. Students will enjoy the break from routine and the chance to socialize.

Forums and Assemblies: Forums and assemblies alternate weekly. Attendance is required, but no grade is given. Forum provides the opportunity for students to hear reports from the Student Council, discuss any upcoming activities, and give updates on class projects. Assembly features special presentations from administrators, faculty members or guest speakers.

Extracurriculars

There are many opportunities for students to pursue outside of class. Social activities are planned by the Student Council and the faculty to provide uplifting experiences for all students. Faculty members frequently interact with students through dinners, picnics, game nights, movie nights and other fun events. Students are encouraged to take an active role in helping to plan and prepare for these activities. In addition, there are several volunteer opportunities available to students:

ABC Times: The student newspaper allows interested students to capture their class year with articles and photos. Students develop their writing and editing skills in preparing each edition. Some years, the

ABC Times staff also assembles a class yearbook at the end of the year. **Ambassador Chorale:** The Ambassador Chorale presents beautiful, inspiring music to local and outlying congregations each year. The director holds a meeting at orientation to provide details to those who are interested in volunteering for this service opportunity.

Social Committee and Service Committee: Students on the Social Committee help to organize social activities for the class and suggest events for smaller groups to attend. Students on the Service Committee help to organize service projects which serve the church and the local community. The two committees often work closely with one another, especially while organizing fundraising projects.

Student Council: Composed of student committee representatives and class officers, the Student Council meets regularly to serve the needs of the class by recommending and planning student activities. The student body officers and committee representatives are appointed by ABC administration with input from the student body.

Technical Support: Students who assist with technical support help by making class recordings, running the sound system and other technical needs.
